John Kirk Seeking Re-election May 4 As County Sheriff

Sheriff John F. Kirk of Palm Beach County formally announces his candidacy for re-election in the forthcoming Democratic Primary to be held Tuesday, May 4th. Kirk is now serving his first term, and offers as his qualifications, his record in his present of-

fice, plus sixteen years previous experience as a law enforcement officer in Palm Beach County.

Born in Dallas County, Missouri in 1904, Mr. Kirk came to Pahokee in 1928 and was appointed to the Police force of that city a few months afterwards. In 1929, he was appointed Constable of the 7th District, and held both jobs until 1932, when he resigned to take the appointment of Chief of Police of Belle Glade; the same year, 1932, Mr. Kirk was elected Constable of the 8th District, which job he held until January 2nd, 1945, when he became Sheriff.

The Sheriff is now a resident of West Palm Beach, is married, and the father of three children, a member of the Northwood Baptist Church, Belle Glade Masonic Lodge, a member of the Eastern Star, Lake Worth Consistory, Mahi Temple, Abu Shrine Club, United Commercial Travelers, Chamber of Commerce and is an Elk and an Optimist.

Mr. Kirk states that he is sponsoring no other candidate for any County or State office in this election. He pledges a continuation of his personal investigation, night and day, of each major crime as well as the assistance of an efficient, courteous, and well trained force of Deputies in the protection of your life and property from the lawless element, and in the enforcement of all laws of this State and a continuation, in the future, of full co-operation of his entire office and Deputies with all law enforcement agencies: City, County, State, and Federal, in the prevention and detection of crime.

Rardin Cites Accomplishments And Asks For Re-election As County Commissioner In Glades

County Commissioner Paul Rardin today announces his candidacy for re-election in the Everglades district of Palm Beach county, subject to the primary election on May 4. He qualified today as a candidate with the clerk of the circuit court and chairman of the democratic executive committee.

In asking the voters of the vast agricultural area on the eastern shore of Lake Okechobee to re-elect him, Rardin pointed to his accomplishments during the three years he has been in office. Outstanding, he said, was his road program which has seen many miles of rock roads constructed by county forces in this area, several miles of which have been hard surfaced.

"Upon re-election to office," Rardin said, "I shall continue my efforts in behalf of better roads in this section, making my road program first and foremost in my plans."

The commissioner pointed to the vast amount of new road building equipment he has secured for his district. New equipment secured by Rardin during the past three years includes a dragline, bulldozer, nine trucks, a jeep and other much-needed road building machinery, all of which has been used advantageously in constructing county roads.

Rardin cited two major county employee appointments secured by him from county commission. An assistant county agent was named on Rardin's recommendation and has been at the service of the farmers since opening an office in Belle Glade nearly three years ago. Recently a full-time county welfare worker was named to serve the Everglades district and offices will be maintained in Pahokee and Belle Glade.

More than a million dollars in State Road Department funds

have been spent in the Glades district in the past three years. Rardin has been a regular attendant at SRD meetings with the same plea at every meeting: "More and better roads for the Glades." His pleas backed up with full cooperation from local civic clubs and other interested citizens have brought results to this section.

He cited a complete retreat job on the Belle Glade-Pahokee road, rebuilding road from Belle Glade to Six Mile Bridge, rebuilding road from South Bay to Belle Glade, new road from Belle Glade bridge to Packing house section, new base and surface on road from packing house area to dike at the golf course, resurface of Brown's Farm road, resurface of State Market road in Pahokee, new surface from Canal Point to Martin county line, new signal light at railroad crossing and light at Pahokee, and signal light at railroad crossing in South Bay.

The golf course road in Belle Glade, Brown's Farm road and State Market road in Pahokee were county maintained when Rardin went into office. He prevailed upon the State Road Department to take three roads over for maintenance and this was done at a meeting in August, 1945, held in Daytona Beach.

"During the course of the campaign," Rardin said, "I shall make every effort to familiarize the citizens with those things which have been done during my tenure of office. I shall also inform them of plans for betterment of the road system in the Everglades during the next four years. I deeply appreciate the splendid cooperation I have received from the citizens and taxpayers since I have been in office and will be grateful for a continuance of this cooperation in the future."

Trees Removed By SRD At Entrances To Migratory Camps

Eight trees on each side of the entrances to the migratory camps at Pahokee have been removed by the State Road Department at the request of County Commissioner Paul Rardin. It was pointed out by the Pahokee Lions Club that the trees created a hazard to traffic and this organization sought Rardin's aid in having the trees removed.

Mrs. James W. Wood returned Monday from a visit with her husband in Gainesville where he is engaged in the grocery business.

Mr. and Mrs. G. M. Pool had as a guest the past week their daughter, Mrs. Ike Jacobs, of Miami.

Colin English, candidate for governor, will visit in Canal Point this (Friday) morning at 10 o'clock. He will go from here to Pahokee to speak at 11 a. m. and on to Belle Glade at noon.

Buck Humphries Back On Pahokee Police Department

W. A. (Buck) Humphries is again on the Pahokee police force and is working nights. Buck is no stranger to police circles in Pahokee since he served efficiently two different times with the department. One time he served five years and five months and at another time he served three years. He is an able officer and works well with other members of the force.

Pahokee Sets Date For City Election

The Pahokee City Council at a meeting Tuesday night instructed the mayor to proclaim a city election for Tuesday May 4 at which time votes will be cast for mayor, chief of police, city clerk, and three councilmen. On May 11 the run-off election will be held for the two leading candidates of each office where no majority of votes was received by one candidate in the May 4 election.

Incumbents whose two-year terms of office expire in May include Mayor T. C. Richardson, Police Chief A. E. Morgan, City Clerk W. P. Walker, Councilmen, F. M. Shaughnessy, Don Hillier and I. M. Lair. None as yet has announced whether or not he intends to seek re-election. Candidates have until midnight April 24 to qualify for this election.

Mrs. Lantice Thompson, who has been ill for the past few weeks at the home of her parents, Mr. and Mrs. I. S. Guthrie, in Pahokee, was taken to the home of her brother and sister-in-law, Mr. and Mrs. William Guthrie, in Miami this week.

County Engineer Surveys Proposed Bacom Pt. Airport

An engineering party out of the county engineer's office is busy this week surveying the proposed new county airport site on Bacom Point Road. Money for purchase of the site was put in this year's budget at the request of County Commissioner Paul Rardin.

Present plans call for cooperation of the county and federal government agencies in building the port which will be easily accessible to Pahokee and Belle Glade by new roads to be constructed. Bacom Point san is the only place in the Lake Okechobee Region large enough and with a base secure enough to warrant building a heavy-duty airport.

Tentative plans call for one run way to be 5,000 feet long and another to be 2,000 feet in length.

Approval of \$51,125 federal aid for the building of the airport was announced several weeks ago by Rardin. The \$51,125 will be used for the initial work at the airport and it will be supplemented by county funds. Total cost of the field will be \$133,000 the county engineer said.

Rardin pointed out that \$65,000 has been set aside in this year's budget for purchase of the airport site.

Consider Plans For Legion Home

The building committee of Fred and Percy Mansfield Post 90 met recently with C. G. Williams, West Palm Beach contractor, and asked the contractor to give an estimate of the cost of the Legion Home which the group plans to build on Canal Point Road in the near future, it was announced at a meeting of Post 90 in the woman's clubhouse Monday night. Under present plans an arch-rib type of building is being considered by the group.

Plans were made for Post 90 to sponsor a benefit St. Patrick's Day dance in the Elks Hall this coming Saturday night, Mar. 20, starting at nine and lasting until the dogs start to howl. Music will be furnished by a six-piece orchestra. Admission will be \$3.

It was announced that I. Marshall Lair has been appointed a member of the County Veterans Service Committee, succeeding J. T. Pickett, Sr., who resigned. Harold Wilkinson, J. T. Pickett, Sr., and Gordon Hillier were named on a committee to nominate new officers. After this committee gives its recommendations at the April 5 meeting nominations will be received from the floor and the annual election will be conducted.

David Unwin and Ernest Bond, medical student at Emory University, were visitors.

The Right Kind

The bride was ordering her first ton of coal. "What kind of coal did you want?" the dealer asked.

"Kind?" exclaimed the bride, puzzled. "Are there different kinds?"

"Oh, yes," answered the dealer. "For instance we have egg coal and chestnut coal."

"I'll take the egg coal," the bride promptly decided. "I'll be cooking eggs oftener than I will chestnuts. — C. & O. Tracks.

Failure

A beggar clutched at the sleeve of a benevolent-looking passer-by.

"Five cents, sir, for a cup of coffee?" he whined.

The other turned to survey him. "Why should I give you 5c?" he asked. "What brought you to this said plight?"

"A terrible catastrophe, sir," the beggar replied. "Two years ago, like you, I enjoyed business prosperity. I worked industriously. On the wall above my desk was the motto: 'Think Constructively. Act Decisively.' Wealth poured my way. And then—and then—"

"Yes, and then?"

The beggar's frame shook convulsively.

"The scrub lady burned my motto."—The Kablegram.

Pahokee-Canal Point School Patrons Air Needs Of Schools

At a meeting of citizens of Pahokee and Canal Point Friday evening at the Lions Hall, which included representatives from the civic clubs, schools, churches and fraternal organizations of both towns, needs of the two schools were aired. A resolution was drawn asking the county school board to include in its proposed school plant program for Palm Beach county much needed buildings and equipment for these schools.

The meeting came as a result of the report of the school plant survey committee which only included one recommendation in the proposed school plant program for Pahokee and none for Canal Point.

Citizens in this section contend that if these schools do not come in for their share of the \$3,500,000 bond issue which comes up in an election on May 11, that freeholders in this area will vote against the issue.

Members voted to send the resolution to the county board for its Tuesday meeting and to send a delegation representing these organizations to attend the first public meeting of the board.

James H. Wilson who was elected chairman of the committee, presided at the meeting. A. Q. Howell of Canal Point, was elected as vice chairman, and Mrs. R. J. Schroder secretary.

SHORT-CUT to Accident--

The quickest way across the street can be the most dangerous way. To cross in the middle of the block, rushing out from between parked cars, can be and too often is a short cut to accident — and death!

In Florida, 170 people were injured, 71 fatally, from these causes alone in our *first peace year*. In 75% of pedestrian accidents the victims were walking in such a way as to contribute to their own demise. Actually, drivers in relation to pedestrians are more careful.

Florida accident records for 1946 indicate that jaywalkers are even more plentiful and careless and are pushing the pedestrian casualty rate to a new high. Someone must do some life-saving — and that someone is *you*.

When you cross a street or highway be personally responsible for your own safety. Don't expect the other fellow to look out for you. Cross with the light if there is one — with greatest caution if there isn't. It's up to *you* to walk safely and live longer.

Cub Scouts Pack Formed For Canal Point Youngsters

Formation of Pack 24 of the Cub Scouts, sponsored by the Canal Point PTA took place last Tuesday night. Bill Nexsen, Boy Scout Executive of West Palm Beach, was in charge of the meeting. Those in attendance were: Mr. and Mrs. Joe Edenfield, C. H. Hitchcock, Mrs. Hattie Dixon, Mrs. A. M. Sims, Mrs. J. H. Strayer, Mrs. W. L. Duncan, Mrs. J. D. Latham, Mrs. George Nobles, and W. T. Blair.

Joe Edenfield and C. H. Hitchcock agreed to form the Pack Committee. One more man to serve on that committee must be obtained before the charter can be granted. W. T. Blair will be the Cubmaster.

The boys will, at present, be divided into two dens. Den 1 will be located in North Canal Point with Mrs. Joe Edenfield and Mrs. C. H. Hitchcock as Associate Den-Mothers. Den 2 will be located in South Canal Point with Mrs. Latham and Mrs. Nobles serving as Associate Den Mothers. The addition of more dens is planned as more Cubs seek admittance.

Charter Members of the Pack will be Richard "Buddy" Edenfield, James Richard Dixon, George Edward Nobles, Foy Sims, Charles Ronnie Hitchcock, Hunter and Homer Latham, Woody Strayer, Harkness Duncan, Richard Weeks.

Other boys have expressed a desire to belong. We shall be glad to welcome all boys 8, 10, and 11 years of age into the Pack, but before they can join their parents must pledge their cooperation. The Cubbing program is based upon building strong Dad-Mother-Son relationships and the Cub without the help of his parents can get absolutely nothing out of the Cub program. Therefore, parents must show their desire to join in the spirit of Cubbing before the boys may join. The program will be explained at any time to parents if they will get in touch with the Cubmaster, W. T. Blair.

Den and Pack meeting times will be announced next week.

Special Music To Mark Palm Sunday Methodist Service

Palm Sunday in the Canal Point Methodist Church will be observed with special music and the sermon by the minister on "Fling Wide the Gates!" The Sacrament of Baptism will be presented for infants and children at the time of the Morning Worship Service at 11 A. M. The Sacrament will also be extended to adults at 3 p. m., either by sprinkling or immersion.

The Evening Service at 7:30 will bring another grand hymn-sing. The minister will speak on "Circumstances and the Will of God", second in a series of sermons on the meaningful, and inspiring though often misused phrase, "The Will of God". Third in the series will be the Easter evening address on "The Triumphant Will of God." An exceptionally large congregation last Sunday night expressed interest in the subject of the sermons.

Special services during Holy Week will include an Upper Room Observance on Monday, Thursday and an afternoon Good Friday Service. The service on Thursday will be a reliving of the events of the evening before Jesus' crucifixion through the Biblical story and in song. The service will be from 7:30 to 8:15. Good Friday will be marked by a meditation period in the church for all who are able to attend with a meditation theme of "The Words from the Cross". It will be from 2 to 2:45 p. m. The music of the tower chimes will serve as a reminder to the community of the solemnity of those hours.

Reception of members will take place during the Easter Service this year. We hope that a large group will make their decision for Christ and join the fellowship of His followers at this time.

The Young Married Fellowship enjoyed an exceptionally fine Fish Fry last Friday evening. Hosts of the affair were Osie and Ella Upthegrove and Randy and Lois Clark. It was labelled "the best ever" by the twenty-six young married folks who gathered. An even dozen young men and women of the Youth Fellowship had a fine time in the woods above No. 10 spillway last Saturday night. The minister finished off the evening around the campfire after innumerable wieners, cokes, and doughnuts were consumed and several games were played, with some choice ghost stories.

The Junior Fellowship had about thirty at its latest picnic. Friday is Handwork Day in the JF. We have forty-eight active members now.

From where I sit ... by Joe Marsh

How to Keep 'Em
Down On the Farm

The other day Pete Swanson's nephew, Bud, allowed as how he was fed up with farm and country life...and was going to the city where there was a lot more opportunity and excitement.

Some folks might have tried to stop him. But not Pete. He even advanced Bud carfare for the trip...figured that when he'd had a good look around, he'd come back where he belonged.

And what happened? After seven days of big-town bustle and excitement, Bud was back behind the

wheel of a tractor, with color in his cheeks again. And he'd traded the night life of the city for a quiet glass of beer with Dad.

From where I sit, that's how it goes. Try to prevent some one from getting what he thinks he wants—and he'll go on wanting it. But give him his head, and he'll settle for the sensible thing—whether it's country life, or a temperate glass of beer!

Red Cross Spent A Lot Of Money During Recent Hurricanes

According to last word information received by W. H. Hitt, chapter Chairman of Palm Beach County Chapter, American Red Cross, the American Red Cross spent more than \$1,000,000 in emergency and rehabilitation relief operations in Florida as a result of the two hurricanes and the ensuing floods in the state late in 1947.

In doing this, the organization aided more than 5,500 families.

Of the total amount spent, one of the biggest sums went for repair and rebuilding of homes—\$310,327.33. A total of \$152,613.23 was spent for household furnishings; \$138,033.65 was spent for food, clothing and other maintenance, while other sums were spent for mass shelter, rescue and transportation, medical and nursing care, farm supplies, livestock and equipment, occupational tools, equipment and supplies.

The three worst hit counties in Florida were Dade, where Red Cross spent \$339,452.64; Palm Beach, \$191,275.50, and Broward, \$127,199.20. These amounts went for direct relief.

In Louisiana and Mississippi, where the hurricane hit hardest along the Middle Gulf Coast, the Red Cross spent a total of \$1,500,000 on the hurricane operation.

Thus the total spent by the Red Cross in the entire hurricane operation in Florida and the middle Gulf Coast states was \$2,500,000. In the United States the Red Cross spent a total of \$11,000,000 for disaster relief in 1947, the greatest year in the organization's history in number of major disasters.

Cinematic Chatter

By Malcolm Miller

What a trio of dramatic stars to be seen in "Wild Harvest" which is to make its bow on the screen of the Prince Theatre Sunday, for a two day run. Here they are:

Rugged and tough Alan Ladd and Lloyd Nolan, and exotic, sultry, Dorothy Lamour, as the heart interest, with an adequate cast of featured players in support, unreeling one of the roughest, toughest tales of the harvest fields and the men who roam from the Mexican border to the boundary line of Canada, harvesting the golden grain that means life itself to the world.

This is not a drawing room story; it is the tale of some of the toughest men in this United States. Men who literally fight their way from border to border, living a life of roistering, drinking and fighting at night and laboring in steaming heat in the fields during the day.

"Wild Harvest" in an unusual story and one you will not soon forget. I wouldn't miss it!

See you at the movies—Mal.

CHURCH OF CHRIST, SCIENTIST

"MATTER" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, March 21.

The Golden Text is: "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him" (I John 2:15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity . . . All things are full of labour: man cannot utter it: the eye is not satisfied with seeing, nor the ear filled with hearing" (Ecclesiastes 1:2, 8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals are egotists . . . When mortal man blends his thoughts of existence with the spiritual and works only as God works, he will no longer grope in the dark and cling to earth because he has not tasted heaven. Carnal beliefs defraud us" (263:1 only; 7:11).

Drainage Districts Must Pay Taxes

TALLAHASSEE—The Florida Supreme Court Tuesday ordered trustees of the State Internal Improvement Fund to pay drainage taxes on land used for an experimental station in the South Florida District, Palm Beach County.

The court, in a 5-1 decision, held a 1921 act creating that experimental station directed that the I. I. Board trustees pay all drainage reclamation costs for the station. A 1941 act also directed that all State agencies owning title to land in the district should be required to pay their share of costs for the project.

The decision directed the State I. I. Fund to pay all back assessments since 1935 and any further assessments that may be made by the Legislature. The land is now owned by the State Board of Education which lets the experimental station use it.

Senator T. D. Branch Conducts Vote Poll

SUMATRA—State Senator T. Drew Branch conducted his own poll to determine the score at this stage of the 1948 campaign, with interest in no particular candidate. He received back 841 ballots marked for governor with these results:

For governor—Fuller Warren, 37.7 per cent of the first choice votes and 19.3 per cent of the second choice; Senator W. A. Shands, 20 per cent and 17.6 per cent; Dan McCarthy, 14.3 per cent and 23.1 per cent; Attorney General Tom Watson, 13.2 per cent and 14.3 per cent; School Superintendent Collin English, 11.9 per cent and 19.4 per cent; Senator Walter W. Rose (regarded as a candidate at the time the ballots were printed but since has announced he will not run), 1.5 per cent and 4 per cent; and Richard Cooper, 1.3 per cent and 2.4 per cent.

For attorney general—L. Grady Burton, 43.2 per cent; Richard W. Erwin, Jr., 37 per cent, and P. Guy Crews, 19.8 per cent.

For comptroller—Senator Edwin G. Fraser, 50.5 per cent; Comptroller Clarence M. Gay, 46.1 per cent, and H. A. Lee, 3.2 per cent.

Fort Blount Marker Dedicated In Tampa

TAMPA—A plaque marking the site of old Fort Blount, established in 1856, at what is now the corner of West Main Street and North Florida avenue, was formally presented to the State Road Department last week by the Barlow Chapter of Daughters of the American Revolution, after many months of preparatory research work.

Courtney Campbell, first district member of SRD, accepting the plaque from Mrs. James F. Byers, St. Petersburg, state regent of the Florida Society of DAR, to whom it was presented by Miss Louise Oates, regent of the local chapter, stated that the department is "very glad to take over and maintain such markers." He said that Governor Caldwell is in complete accord with this policy.

A brief historical sketch of the pioneers who built Fort Blount was given by M. J. Wilson. He quoted from newspaper interviews with "Uncle Ben" Blount, a descendant of Redding Blount who came to Polk County in 1851. The second Seminole war had broken out in 1855, and while there was no fighting in the vicinity of what is now Bartow, a log block-house was built on the homestead of Riley Blount, to shelter the families in the neighborhood from roving Indians. The first floor was about 35 feet square and 8 feet high, and the second floor overhanging the first about 8 feet on all four sides.

Mrs. Clyde Alley was appointed to represent the circle in the local WSCS overseas relief project in which essential materials are being collected and sent to a needy family in Czechoslovakia.

Mrs. Alley, co-hostess, assisted Mrs. Mock in the serving of refreshments to 21 members and guests.

Miami Will Get New Passenger Terminal

JACKSONVILLE—A new Florida East Coast Railway terminal is promised for Miami no matter who takes over the railroad. That was reiterated a few days ago to F. G. Bailey, chairman, and Thomas E. Grady, manager, of the Greater Miami Traffic Association.

They got the assurances from Scott M. Loftin, FEC trustee, and from Ed Ball, trustee for the du Pont interests, FEC bondholders, during two conferences.

The St. Joe Paper Company and the Atlantic Coast Line Railroad both hold FEC bonds and each wants to take it over. The Interstate Commerce Commission last May, however, approved the ACL petition to reorganize the FEC and the matter is still not settled.

Mrs. Edwin C. Cowart of Pahokee left March 15th to join her husband stationed with the Air Corp. U. S. Navy, in Alameda, California. She was accompanied by her sister, Mrs. H. F. RECENT OPERATIONS

By Paul Rardin

Four years ago when I announced my candidacy for county commissioner I said that I would work unceasingly for better roads in the Glades. I have done just what I said I would do. That roads in the Glades are in better condition today than ever before is a statement I make without fear of contradiction.

Today I announce my candidacy for re-election as county commissioner from the Fifth (Glades) district of Palm Beach county. In announcing my intention to seek this job for another term, I want it known far and wide that first and foremost, during the coming four years, I shall continue my fight for better roads in the Glades. Not once shall I weaken in my efforts to bring more and better roads to this vast agricultural area. I seek YOUR VOTE and SUPPORT in this fight for better roads in this great farming area on the eastern shore of Lake Okechobee.

Four years ago I made other certain and definite statements. I am printing below one which holds good today just as it did four years ago:

"You may not like the color of my mustache or the way I part my hair, but, there is before you today an opportunity to select a man as your county commissioner who is capable of standing toe to toe with those in power and battle for the needs of this section. On every occasion where the future of this section of Palm Beach county is concerned, you can rest assured that my voice will be raised. Because, I WILL NOT sit idly by and see this area neglected."

Big Bean Crop Is Predicted For Spring Deal In The Glades

Despite the handicap of last fall's record-setting flood, Everglades area of Palm Beach county show prospect of "an extremely large bean crop . . . of good quality and high yield."

County Agent M. U. Mounts informed the county commission of that fact in his monthly report Monday.

But, he added, that state of affairs "is not promising for a strong market . . . Prices in the Everglades have been discouraging on most crops."

Coastal areas of this county have experienced somewhat better price conditions but yields have not been uniformly good there, Mounts said.

On mango crop prospects Mounts reported:

"Mango bloom is quite scattered. At this early date it is apparent we may expect a fairly good set of fruit on those trees in bloom."

Death of 30 range cattle in the Belle Glade region apparently was due to arsenical poisoning. Dr. Paul A. Rainey, county veterinarian, stated in another report to the county commission.

Dr. Rainey reported cases of blackleg near Belle Glade and of hog cholera in a district north of Canal Point in recent weeks. He said that "a few cases of Bang's disease have been found. But he found no reactors to tuberculin tests of cows."

Investigation of three animal bite cases showed no rabies, Rainey's report continued. But, he stated, "rabies still presents Palm Beach county with a serious problem. Animals from other areas could very easily bring rabies to the county . . . The best precaution would be to keep all dogs vaccinated each year against rabies."

YWA Of Pahokee Met With Mrs. H. Unwin

The YWA of the Pahokee Baptist church met at the home of Mrs. Horace Unwin Monday night. Mrs. Stella Mullis gave the study course book "Amazing Grace." Mrs. Connie Pope, president, presented a bouquet of roses to Mrs. Mullis for the girls in appreciation of her splendid work. Three new members were welcomed. They were: Barbara Wilkinson, Evelyn Maloy and Lillian Hammond.

The group plans to attend the YWA house party at Camp Osborne on April 30 to May 2. The next meeting will be held April 5 at the home of Miss Lois Morgan. Mrs. Unwin served delicious refreshments of cherry shortcake, whipped cream, cokes and Easter candy.

Tom Watson Spoke In Belle Glade Tues.

Attorney General Tom Watson spoke in Belle Glade Tuesday night in behalf of his candidacy for governor. He was introduced by Tom Watson, Jr., manager of Seminole Broadcasting Station WSWN in Belle Glade. An unusually large crowd was present to hear Mr. Watson's speech. He received a warm welcome from his listeners.

Mrs. Hazel Agner is recuperating from an appendectomy performed recently at the Everglades Memorial Hospital.
